

29 Dec 04: Welcome

The Gallery has been updated and the format changed to make room for lots of additional pictures. More changes are in the works that will include captions and details about each picture. I will keep adding to my collection (Gallery Two), but I need a lot more material to make the Gallery something really special. If you have digital images for the Gallery, please email them to me or put them on CD and send them to 8301 Tamarind Ln, Riverside, CA 92509. If you have original snapshots or slides from your scrapbook or just sitting in a box, package them up and send them to the same address. I will scan them for the Gallery and once they are posted, you will be able to download digital images. Oh, and I promise to return all your original material, including a CD with the source scan images. And, please include captions and details about each picture – names, dates, locations, circumstances, interpretations of the action, whatever you remember about the picture and whatever you don't, like a name – someone else may recognize the subject and recall the name or location. Watch Gallery Two for examples of changes to come. If you see someone you recognize in a picture, send me an email with the information and identify the picture as best you can – I know it is not easy now, but it will be soon. Who is going to be the contributor for Gallery Three?
